

Seahawk Banner Policy

Revised 2008

Memo of understanding between all HHIHS sports teams and the All Sports Booster Club.

All banners will be processed through the All Sports Booster Club.

All signs produced and displayed at any sports venue will become the property of the All Sports Booster Club. The venues include but are not limited to the Community Stadium, the gym, baseball field, softball field and lighted practice field.

All banners will consist of a standard size determined by the venue. Each team or entity that solicits a business or individual will fill out the appropriate form and submit this form along with a pdf. or jpg. format of the desired artwork. The cost of the banner is \$600.00 and must accompany the form to be processed. Checks will be written to the All Sports Booster Club. The team credited with the sale of the sign will receive \$300.00. These funds will be deposited into their account through the school bookkeeper. The remaining \$300.00 will be credited to the Booster Clubs general account. The production costs and any other expenses will be deducted from the Boosters account. The sign is the property of the Booster Club, in subsequent years if the business renews its commitment and the sign can be reused the split will remain the same. The Booster Club will install the sign in the venue indicated on the form. Please keep in mind that there will be a minimum of a two-week turnaround and all signage.
